ESSAY

Essay instructions This essay demonstrates your ability to write clearly and concisely on a selected topic and helps you distinguish yourself in your own voice. What do you want the readers of your application to know about you apart from courses, grades and test scores? Choose the option that best helps you answer that question and write an essay of no more than 650 words, using the prompt to inspire and structure your response. Remember: 650 words is your limit, not your goal. Use this full range if you need it, but don't feel obligated to do so.

Please use separate sheet for your typewritten essay.

- Tell us about a time where you had to either take a risk or stay safe. What did you do? What happened? Would you do it again?
- If you could meet any person (excluding a family member), living or dead, for an hour, who would it be and what would you say to them? Why would you say it?
- If you could stop one invention from being invented, what would it be and why did you choose this?
- What do you want people to know about you but are afraid to tell them?
- Write about a moment that illustrated your shift from child to adult within your community or family.
